PROFILE

I am a Biomedical Engineering diploma graduate with strong knowledge of medical electronics and safety standards, skilled in troubleshooting, calibration, and preventive maintenance. I work well independently and with clinical teams, communicate clearly with users and vendors, and pick up new systems quickly. I am motivated to support safe, reliable, and efficient operation of medical equipment in healthcare environments.

ACHIEVEMENTS AND AWARDS

Loyang View Secondary School

2022

- Singapore Junior Chemistry Olympiad: Award of Participation
- Singapore Junior Biology Olympiad: Award of Participation
- EXCO of Basketball CCA

2023

- Singapore Junior Chemistry Olympiad: Award of Participation
- Singapore Junior Biology Olympiad: Award of Participation
- International Biomedical Quiz: Award of Participation
- Victoria Junior College Amazing Race (STEM related): Award of participation
- EXCO of Basketball CCA

WORK EXPERIENCE

Tan Tock Seng Hospital - Intern

- 24 week Internship Program
- Assist in maintenance, inspection, safety operations and coordinate with vendors
